

Fireline Leadership

Overview/Description

Fireline Leadership is designed to develop sound and universally accepted leadership skills in supervisors involved in wildfire operations. Using a blend of military-based principle centred training, human factors, and fire operations applications, this course provides a holistic view of the application of good leadership across the operational spectrum.

The goal of this course is to empower supervisors with the ability to build, train, and maintain effective wildfire crews through purposeful leadership.

Target Audience

Employees who have operational fireline supervisory responsibilities.

This course is ideal for Wildfire Crew Leaders, Strike Team/Task Force Leaders, and Division Supervisors.

Prerequisites

There are no prerequisites; however, candidates should have some experience and/or previous training in wildfire suppression or emergency response.

Registration

Forestry Division employees register through your local training contact.

Individuals outside of Forestry Division, please contact your local or Provincial training contact.
