

Resilient Agricultural Landscape Program (RALP) Wetland Fact Sheet

Wetland funding is available to agricultural landowners participating in Alberta Environment and Protected Areas Wetland Replacement Program (WRP). All grants are subject to WRP terms and conditions.

<https://www.alberta.ca/wetland-replacement-program.aspx>

Eligible Applicants

- Primary producer responsible for day-to-day management and input costs of an agricultural operation (crop, bee, or livestock) that produces at least \$25,000 worth of farm commodities annually.
- Indigenous applicants (First Nation, Métis Nation, Inuit).

and

- Has a current Environmental Farm Plan (EFP) certificate or letter or will receive one before the end of the project term.
- Has a wetland project that has been completed under WRP.

Funding

Funding is a flat rate payment of \$1,000 per acre for a term of three years. Approved projects will be funded to:

- minimum grant of **\$2,000**
- maximum grant of **\$150,000** for Primary Producers
- maximum grant of **\$300,000** for Indigenous applicants

Funding List

- Funding list may change, check website for most up to date list at <https://www.alberta.ca/resilient-agricultural-landscape-program.aspx>
- Eligible projects must be implemented by January 31, 2026, and maintained for an additional two years, until January 31, 2028.

Additional Information

- Applications are reviewed as they are received and evaluated according to the eligibility criteria and funding availability. Incomplete applications will be returned to the applicant.
- A copy of the WRP completion report showing the number of acres and date of completion must be submitted with the application.
