

Wildfire Orientation

Overview/Description

Alberta Wildfire Orientation is mandatory for wildfire contractors and incident support personnel working on a fire incident. This course provides essential general information required to work safely and efficiently when assigned to a wildfire incident.

Target Audience

Any Forestry Division or GoA employee or wildfire contract worker.

Prerequisites

There are no prerequisites.

Registration

Forestry Division employees can register following instructions on the [Forestry Division SharePoint Training](#).

WARP employees can register with their local [WARP champion](#).

Wildfire contractors can get registration information from their Forest Area contact or contract manager.
