

MACKENZIE CREEK TRAIL CLOSURE

Closed for Construction

Closure of Area
Section 199.4 Public
Lands Administration
Regulation AR187/2011

Closure Dates: February 17, 2026 - June 01, 2026

Phase II construction of the Mackenzie Creek Trail was substantially completed in Fall 2025. This section of trail will remain closed until June 1, 2026. The closure may be extended if spring conditions remain wet.

The temporary closure allows the newly constructed trail to properly undergo seasonal freeze-thaw cycles and dry before public use. This process is important to protect the trail surface, reduce damage, and help ensure a safe and sustainable trail experience for all users.
