## Alberta Snapshot

Stantec, a global design and engineering firm headquartered in Edmonton, Alberta, has over 250 offices throughout the United States, including three in Connecticut. With offices in Hartford, New Haven and Stamford, Stantec has been contributing to the state's economy through job creation and sustainable infrastructure development for nearly a decade.

Stantec's Connecticut offices are involved in a variety of projects, including restoring wetlands and creating recreational trails, upgrading water and wastewater treatment facilities, and building bridges and inspecting railways – helping to preserve the history and environment of the state for generations to come.
